Whispers from The Brighter World

A Fourth Revelation

Thursday, November 9, 2000 - 10:00 a.m.

Our relationship is of a unique nature, which will leave a trace in the history of Sahaj Marg for abhyasis of the future. They will have advanced in esoteric knowledge and will accept this kind of communication more easily.

"They will be touched by the simplicity and the sincerity of these contacts, the development of which they will note from the first collection. Your channeling faculties have developed to reach this point of seeming easiness.

"Do not regret the content of that first collection, where you expressed yourself more than in others: make of it what you will. Do not fear criticisms; overcome human meanness. Do not mind the reactions that these messages could arouse in malcontents.

"Continue as much as you can. We share the joy provided to us from these contacts by giving food for 'reflections' to our dear candidates, who will take the trouble to assimilate them.

"A good many people will benefit from them, which is the most important thing in this matter.

"They will also benefit from our blessings.

"Do not overexert yourself and remain united with us through the heart."
