Whispers from The Brighter World
A Fourth Revelation

*Monday, December 4, 2000 - 8:00 a.m.*

*What you are undergoing because of your health problems serves your evolution. It is necessary to see the positive side of the situation. Is this not what you request: to advance, to remove you from dross that weigh down any moving ahead?*

*"Be thankful for what you are given: you have a nice life, since it meets your expectations on the spiritual level. Your channeling provides a special dimension: it gives you access to levels where you can dialogue with high-level entities. Your development is far from ordinary. The university that you regret not having attended would not have been useful to you regarding what we expect from you.*

*"Give thanks for all that you receive; you are a privileged person. You have many assets which you are given to assume this role that this incarnation kept for you.*

*"To serve us is your main goal, even more than your own evolution. We appreciate this state of mind entirely turned to service. That is the best attitude an abhyasi, and generally any human being, can adopt – that is, to serve one's neighbour, for the love of the Creator. The 'every man for himself' is on no account a good solution."*
