Whispers from The Brighter World
A Fourth Revelation

Saturday, December 23, 2000 - 10:00 a.m.

We have been appearing to you for a long time. In this way, we have created special bonds whereby the heart can express itself without fear. These contacts are taking place at a level far above human exchanges.

"Absolute sincerity characterises them. Very often, men think in one way and talk in the opposite way, or they make sure to distort the truth. They do not always do it consciously, but they wrap up their remarks in a subtle way.

"Here, that way of doing things does not apply. We do not participate in the play of humans. The hearts are open in front of us and we can only remain in absolute sincerity.

"The tricks of this world do not exist where we are. We note the behaviour of our human brothers with sadness, but also with compassion.

"This world is a jungle where one must survive and will do anything towards that.

"Blessed be the pure in heart!"
