Whispers from The Brighter World
A Fourth Revelation

*Wednesday, December 27, 2000 - 10:00 a.m.*

*One day, you will understand why this way of life was imposed on you. Is your inner life no longer rich enough to put up with it? We doubt it. Is your heart no longer lulled by the melodious billows of love? Apparently not.*

*"We see perfectly what you are enduring and the courage it takes you, specially on certain days, to keep doing this work. You regard it as a grace, that is what it is and it is our choice. That results from several factors, including the sincerity of your love, offered without expecting anything in return. Things have to be said, even if you do not like to be singled out. The readers must put up with it.*

*"We proceed in this way, because it seems to us that these messages still arouse interest among your circle and, in addition, this daily exercise is necessary to keep you in the best condition to receive.*

*"We consider that even an individual who does not read the totality of these writings is still very likely to have an outline of the main points.*

*"You who benefit from the whole of our remarks, you receive a special teaching, the scope of which you cannot even assess."*
