Whispers from The Brighter World
A Fourth Revelation

Wednesday, January 24, 2001 - 10:30 a.m.

Yes, give us again a little time; the circumstances are favourable today.

"You cannot leave this blessed state; we will therefore maintain our contact.

"Such a high level love carries the heart and makes it soar to heights which can hardly be reached if you are not in this state. We bless and thank you, my dear daughter, for your perseverance in the effort, in spite of it being hard for you, and for the constancy of your love for us. It embellishes the most arid way; that love illuminates the horizon and magnifies everything.

"Your loving heart is an invaluable jewel. May all that is said today and which you accept to write because you are in a state of grace, touch the pure in heart and move them. They will feel the joy which can be provided by these moments of intense happiness, due to the heart-to-heart communion between Master and disciple.

"We are overusing your faculties, today. May you keep in you, throughout this day, the imprint of this happiness.

"Convey our blessings to both the sincere hearts that work for us and share your joy with them."
