Whispers from The Brighter World
A Fourth Revelation

Thursday, February 1, 2001 - 10:00 a.m.

Think of better days; forget your body, at least during this contact. A solution will be found to help you with this particular problem.

"We know that we can talk to you in that way; your body is the best tool for your evolution. It makes you stride under our control and protection. Our love carries you in a certain way, but the ground where you must walk is hard.

"Your years of rebellion are far behind you; you have understood the reason for the heavy burden you must carry. When your Earthly path is finished, you will be grateful to us for all that you will have had to support.

"The more you advance in life, the better you understand certain divine laws which are not very realistic for human beings.

"Whether ordeals are visible or hidden, they are trying for whoever undergoes them. Only the inner attitude can alleviate the relevant effects.

"The tragedy of a human being is to have to endure, in his body and heart, all the tragedies of the world, adjusted to his own fate."
