Whispers from The Brighter World
A Fourth Revelation

To be the receptacle of Divine love is a nice vocation. This Love, just like crystal, sparkles brilliantly.

"These things are concealed from the eyes of men, who, generally, can neither see nor hear.

"It does not matter. When a blazing flame burns in a heart offered to His grace, it spreads on Earth like a delicate perfume.

"Develop in you this kind of love, with greatest humility since only God can give it its greatest quality. To be love with all one's being is not an easy goal. Call for this happy state relentlessly; live it, as of now, in your heart. Let that become your priority and your efforts will succeed, sooner or later. Love has to be earned inch by inch.

"Revert to the heart's childhood, as well as to a state of greatest simplicity and have confidence in that success.

"Let your songs rise relentlessly towards His infinite power of love and merge into Him with the purest joy!"
