(Regional seminar)

The Medium: O Babuji, Babuji!

Yes, my child, we know. What you are experiencing is very hard. Calm yourself and meditate.

(10:15 a.m.)

My message today will be pacifying. One must not despair of human beings, even if that seems insurmountable. Better times will come when harmony and peace will reign on Earth. It will be a great step for humanity! Pray very strongly for that. With this seminar, very good work is being carried out at the ashram.

Minds are more serene; we are advancing. Such initiatives are to be encouraged. Have many more of these gatherings that benefit all, increasing the energies tenfold. It seems that a collective awakening is taking place in the Mission; this is important.

May you not lose sight of the ultimate objective; ensure that the divine spark grows in your hearts. We are helping you accordingly. Humankind will be transformed only by the spiritual, even though these mutations, as I have told you, entail great upheavals.

God is great; He knows what He is doing for the good of all, even if this is not to the liking of humans. Their change can come only from the inside and through a true awakening of individual consciousness. Think deeply about all this.

You are, each one of you, the pieces of an immense chessboard. Do your best! We all bless you. May your heart be in peace and joy.

The Medium: I love you so much, Babuji...

Do you believe we don't love you!
