Whispers from The Brighter World
A Fourth Revelation

Friday, March 16, 2001 - 10:00 a.m.

These worlds parallel to yours are not as remote as you would imagine.

"Particular vibrations of each one of them are harmonised like sounds emanating from a symphony orchestra, thus forming a coherent whole. Beyond this life, your vibratory rate propels you to the right place.

"Your evolution is the determining factor for reaching the place specifically chosen for you.

"This is why it is necessary to purify and refine yourself unceasingly, in order to save time, in view of the above. The principle is easy to understand. In that system, privileges are out of place. You build up your own destiny and future, beyond this Earthly life.

"So you will better understand, this is why we insist so much on the need to keep watch on yourself thoroughly. Your future life depends on the rigour with which you will have carried out your personal struggle.

"Those whom you call 'beings of light' struggled to acquire that status. They refined themselves throughout their many incarnations to reach the highest level.

"Nothing can be obtained easily. Your search is underway since you are eager to move up and you are doing all the needful."
