Whispers from The Brighter World
A Fourth Revelation

Your heart is sincere, my child. Love cannot be explained, it takes root in the depths of the being. In this business, calculations are out of place, only spontaneity matters.

"Why does one love? How is this powerful and unexplainable appeal created? Nobody knows.

"Sublimated love, divine love, takes roots in this so sacred a place as any, which is the seat of the soul, the chosen place of the Divinity. The purest alchemy is worked out in this centre from which the most sublime flame gushes out.

"Who can resist it, when it entirely subjugates a being and when its power sweeps through to the sacred heart of man?

"This powerful wave cancels out any resistance; the human being is carried away and sails on the billows, delighted in this divinity.

"That love awaits you, move towards it. Call it from the bottom of your heart. It only waits to appear to you with all its might; it is irresistible.

"Let your heart sail on the divine billows, completely surrendered to their sublime power. You will reappear to yourself and you will get rid of your gangue so coarse compared to this subtlety.

"Live these exceptional moments intensely. To be lost completely in Him, is it not what the soul longs for: complete union and fusion with the Divinity? Meditate well on these remarks and act."
