Whispers from The Brighter World
A Fourth Revelation

Thursday, April 5, 2001 – 10:00 a.m.

Our repetitions are necessary; they punctuate your path. These messages are spaced out over time, and they are meant to accompany your steps, which are also repeated. By following our way, you belong to an elite that is trying to find its bearings beyond materialism. We accompany you in these steps; you need to be supported and encouraged.

"We like to see you active and determined to pursue your sadhana with courage. Even if you do not attend big seminars, your regularity and your keenness are the most important part of your work. In this area, discipline is profitable; in addition, love embellishes everything. We follow your life, which is that of a spiritual aspirant, and we guide you. We are very happy to do it and see your progress.

"Every life can be rich in its own manner, but the means we give you saves you time. Isn't this what you want? When a soul discovers a method like ours, it means that it has come a sufficiently long way to benefit from it. Its profound aspiration has led you towards the 'Master' and ensured that you were given appropriate lessons. Its level requires specific nourishment divested of superfluity.

"Its simplicity makes it strong and rich. Your heart aspired to be devoted to it; it is happy and satisfied. It is up to you to distil and provide it with the divine substance which it needs to flourish."
