Whispers from The Brighter World
A Fourth Revelation

Wednesday, April 11, 2001 - 10:00 a.m.

My daughter, we do not dictate these messages to you word for word; that would be tedious for you as well as for us.

"You capture our thought very faithfully; you do your level best, which we appreciate, believe me. Do you believe that we would have continued this work otherwise?

"Be reassured, all is well. At first, some issues can bother you a little bit, but you manage to free yourself of their impressions in you and you accept our desire for expression. We have good reasons for choosing the topics we try to address.

"We would like to always talk about love, about beauties of the soul and spiritual joys, but life on Earth is not restricted to that. Man is grappling with so many contradictory impulses which destabilise him.

"We try through our remarks to enlighten him and make him see reason. The best of our candidates, the most convinced and well balanced, sometimes need to be delivered a particular statement to help them recover a behaviour that is more right. There is no such thing as perfection. Everyone yearns for it, but not many can find it here below. The way toward it is long, hence the role of the Master in human evolution."

The Medium: "O Babuji, my heart aspires to withdraw from the world, because: All is nothing and God is all. [9] "

"It is true; this simple reason should be enough to satisfy man's heart. But he still needs to convince himself of that and to feel it in him, intensely.

"May your efforts lead you towards this goal and acknowledge this truth as the only important thing!"

Babuji
