Whispers from The Brighter World
A Fourth Revelation

Tuesday, April 17, 2001 - 10:00 a.m.

By developing in you what is good and right, you unite with the Creator. The way to perfection is long and difficult; we have often referred to that. Do not lose heart if you do not obtain results as quickly as you may wish; striving towards this goal is already intrinsically noble.

"While advancing very regularly in your spiritual practice, you can feel that a change is taking place in you. It is deeper than it seems; you do not react any more in the same way in the face of events and this asset seems natural to you. You cope better with unpleasant situations; they affect you less deeply. With time, this change is obvious and you appreciate what you have become. It is about a beginning, towards a long and enlightening metamorphosis that will transform your life. Your well-being is felt very profoundly and you envisage the future with a new vision.

"This process has changed your existence. Perseverance brings hope; everyday, you enjoy its fruits.

"You are engaged in a long process which will lead you to the highest level; God willing, your efforts and His grace can work wonders."
