Whispers from The Brighter World
A Fourth Revelation

*Thursday, April 19, 2001 - 8:00 a.m.*

*Love attracts love, it is powerful, and its rays are projected into the infinite.*

*"Love will save the world. It will be its last recourse, beyond despair, and it will remain a major asset.*

*"Believe in it, in its redemptive power. This world has gone mad; it seems that nothing else is capable of stopping it. True values are scorned; respect no longer prevails.*

*"Some small islands of peace and serenity remain; apply yourself to protecting them.*

*"Remain confident of the future. Our way is attacked without discernment in this country which does not see reason any more. How can that stage be reached?*

*"Let your faith remain intact. It can only be strengthened through ordeals.*

*"You see how any judgement is destructive: ignorance, bad faith, rumour, calumny, those are the plagues of the world.*

*"Judging without knowing, without understanding, is the worst evil. This kind of manipulation leads to terrifying excesses; the past remains deeply affected by it.*

*"Criticising one's brother, his colour, his race, his religion, his culture – isn't there any better thing to do on this Earth?*

*"Time will come when survival will be the only concern of Earthmen, buffeted amongst all kinds of calamities that will rain on the world, and will bring them back to reality.*

*"Please God so that wisdom prevails among men one day, eventually making this Earth a liveable place!"*
