Whispers from The Brighter World
A Third Revelation

Wednesday, May 16, 2001 - 10:00 a.m.

y child, let yourself be carried away by this melodious stream of love, we know how much this speech appeases you. Love is the key; for you, there's nothing more beautiful. We understand it and we want to answer this call – one that we can fulfil. We can talk forever about this topic since this energy is the driving force of the world, of the worlds more precisely.

"On this planet, it does not take on its full meaning in man's perception of it; yet its manifestation is very powerful since it is divine.

"Humanity in the future will entirely tune in to this vibration. A new race is dawning on the horizon; it is mutating and preparing the new era. This race will not get bogged down in vain speeches, terrorist acts and excesses of all sorts. We all here are working to prepare these distant times, which are inexorably in the offing. Pray for the advent of this better world; your descendants will know it. Even if time cannot be measured concerning this advent, the result will eventually be there."
