Whispers from The Brighter World
A Third Revelation

Friday, June 15, 2001 - 8:00 a.m.

Make the most of these moments spent with those who are dear to you. You are sharing an extraordinary experience, the importance of which you cannot realise. You are the central person in this business, the implications of which will surprise you. You form a perfect and effective team that gives us entire satisfaction. What more could we ask for, except for appreciating and thanking you for your steady efforts?

"There are precious moments in life, encounters, the importance of which is not always noticed. Humans rub shoulders with one another; they like one another and then move on to something else. They are also fickle in their feelings, interests and motivation. As far as you are concerned, do not forget that you are united by special ties, which, we hope, will be unfailing. You are contributing to a work that represents a special asset, very important for the Mission in the future. Be well aware of this fact. You are pioneers inspired in this conquest of hearts. By offering a special food to these yearning hearts, the Mission will offer them the means to advance into vast territories to be conquered peacefully, with universal love and the noblest surrender to the Divine."
