Whispers from The Brighter World
A Third Revelation

Monday, June 25, 2001 - 8:00 a.m.

My child, be reassured once and for all, you communicate with the spiritual entity of my son, even if his incarnate being does not necessarily retain the memory of it. This can be found to be amazing, but you must get used to this idea. Why would this not be possible with a being of this spiritual stature? Aren't you used to the irrational? The most privileged humans in this aspect can only access a very small area on the fringe of the great mysteries that govern the universe. Tranquillise yourself, you are not telling tall stories; you have your feet firmly planted on the ground, which makes all the more credible your forays on to other planes.

"Humans are disconcerted by what they do not understand or try out themselves, as they do not have the possibility of reaching this elsewhere which is beyond them. More and more people will open up to this reality. In the future, these writings will be a reference for many abhyasis.

"To them, benefiting from a teaching of this kind will be equivalent to receiving a grace. Beings of a much higher spiritual level than most of the current majority of individuals will establish the kingdom of peace and love on this Earth.

"They will gladly feed on subtle energy emanating from another dimension, in which they will grow stronger to contribute to the construction of this imposing realisation of the future."
