Whispers from The Brighter World
A Third Revelation

Thursday, June 28, 2001 - 8:00 a.m.

Open the door to this elsewhere which enables our meetings. Love is an element of this secret code; it emanates from you in this moment.

"The ritual is always the same one: you put yourself in the appropriate condition, cutting yourself off from the external world and opening the doors of your heart. Thus, we can exchange; you can note down, carefully, what we tell you. Amazed, reassured, trustful and always grateful for being chosen, such are your reactions. We appreciate our channel, which conveys so well what we want to say. With the special vibration emerging from these writings, we wish to touch your hearts and put them in resonance with other spaces so different from yours.

"Our comments are not likely to kindle your imaginations and to strike them as science fiction movies do – which some among you are very fond of. We prefer to remain in good measure; sensory reactions do not serve our purpose. To prompt good reactions in the long run, to make you take constructive resolutions meant to serve your progress, to refine your perceptions by encouraging you to strive for, and to create in you a condition conducive to our work: such are also the purposes of these messages, however innocuous they may seem to you. Many ways are to be used to help you to reach the best; we are applying ourselves to this, you should appreciate it."
