Whispers from The Brighter World
A Third Revelation

Wednesday, July 4, 2001 - 8:00 a.m.

Open the door of this luxuriant garden where you like to meet us. Every time you discover something there, it is a special moment: an image, a tone, new impressions, which enchant your loving heart. Your soul is exultant, don't hold it back, drink from the cup, refresh yourself; nothing can compare with these blessed moments when the world surrounding you has no hold on it.

"Deep meditation leads to this state, which leaves in the heart a subtle mark distinguishing it from the others that don't know this treasure exists in them. Move forward into this discovery; there remain doors to be opened. As you know, to this end your Master has a free hand. You entrusted your heart to his care – do not forget – he will surely lead you where you aspire to go.

"You can surrender to his attention; one day, filled with wonder, you will open your eyes and you will discover another scenery, undetectable to your human eyes.

"Till the end, the spiritual life holds surprises. One has to climb up the path step by step and wait patiently for the right moment when all can be fulfilled.

"We are monitoring you in your rise and we encourage you.

"Be blessed, my daughter."
