Whispers from The Brighter World
A Third Revelation

*Saturday, July 14, 2001 - 8:00 a.m.*

*When you have left this Earth, all your present limitations will disappear. Then another life will start for you, built on your current assets. As François told you, a reliable medium plays a critical role by opening the eyes of his fellow creatures onto the realities of the beyond. This gift enables you to help your brothers understand that life is not limited to this stay on Earth; it represents only one link in the chain serving their evolution.*

*"François' [evolution] is continuing; he has grown in stature and you will be happy to see, when you rejoin him, the path he will have covered. His eagerness to progress was great; he has come a long and exemplary way, which is far from ending. His soul is beautiful, we pamper it, he has leisure to serve, he was already driven by this motivation [when he was] on Earth. You have benefited from one another; the encounters of soul mates are [generally] fruitful, they complement and strengthen each other. You can give thanks to have lived together this experience, fulfilling in many respects. You can rest assured about him: he is a sage who serves humanity and beyond."*
