Whispers from The Brighter World
A Third Revelation

*This is what the life of an aspirant to spirituality should be: a hymn to love, a duet with the divinity that would also make the angels delighted to hear it. Cultivate love in your heart, it is a powerful torch which lights up your way and allows you to see all its aspects. Until the end of these messages, we will glorify love; you cannot imagine how powerful it is. If men were actually willing to use it, it could by itself neutralise the atom and its trail of nuisance and death. Torturing, killing and massacring savagely – this is what some men do to assuage their need for power and domination. Fortunately, you do not have a global vision of the world; you would be frightened by so many horrors [put together]. Without indulging in these visions of horror, pray for the ending of this rule of malefic forces, which must be unceasingly fought against with the only possible and desirable weapon – love. Support us in this work; see to it that thoughts of love arise from your heart more and more to make this world evolve towards beauty."*
