Whispers from The Brighter World

A Third Revelation

Wednesday, August 15, 2001 - 8:00 a.m.

Your recent readings have confirmed what we said in the prophecies.

"In these messages, we cannot go beyond a certain threshold. We must limit ourselves to what is essential for your spiritual development – which is the purpose of this work. The number of these messages is substantial; we must spare the strength of our medium for the main thing. Put on hold the series 'Prophecies', for the moment. We will pursue this daily contact as long as possible. You will thus keep in touch with us, continuing quietly on your way, connected to the heart of your Masters who are only as one, at the most subtle and divine level. You are lucky to benefit from it from now on. This mass of information will remain unknown for a very long time, and one day, it will reappear and commence its real path: to touch the heart of men during painful times that are devoid of a way out. This manna rediscovered will be appreciated by abhyasis of the future whose beliefs will have extricated themselves from the jumble in which men have been kept for centuries."
