Whispers from The Brighter World

A Third Revelation

Thursday, August 16, 2001 - 8:00 a.m.

Unless specific events happen, we will not go further into the prophecies. You have some elements sufficient to prepare you for this quite disconcerting future. It is not necessary, as matters stand, to add anything to this. We will see what to do later on. Don't worry about this future; this would change nothing. Be in surrender; whatever happens, your life will not stop with this incarnation, and this must reassure you.

"You ask me to speak about love; was not everything said on the subject? It is unique in terms of power, and unthinkable by man, who perceives only a minuscule portion of it in his Earthly incarnation. We can adorn it with words, sighs and multicoloured flowers, to touch men's hearts. It inspired the most beautiful poems, sublime pieces of music and soul-uplifting songs. All this constitutes a human approach, which idealises love. God's secrets cannot be revealed so easily. Humanity will have to reach a definitely higher class to have a more precise idea of it. Nevertheless, focus all your attention on this unique power, which, by itself, will be able to save the world."
