Whispers from The Brighter World
A Third Revelation

Thursday, August 23, 2001 - 10:00 a.m.

You like readings that elate the impulses of the soul, that's quite natural. They produce in you joy of a rare quality. Your private domain comes to life, your mind calms down and you fully appreciate these moments. This encounter in the depths of your heart is precious; it gives you an idea of the bliss provided by complete union with the divinity. What you feel in a confused way, in terms of great and unique aspects, encourages you to go further in your investigations and pursue your quest, tirelessly. You are attracted by these subtle perfumes emanating from the hidden splendour of your soul. This mystery intrigues and calls you. It urges you to act, to comply with the laws of evolution, and this requires a long but profitable process and puts you in tune with this splendour hidden from men's eyes.

"It has to be earned; one's goodwill alone is not enough to attain this perfection. Perseverance is the best guarantee of success. Divinity cannot remain insensitive to your calls tirelessly repeated. The day will come soon when the doors will open widely before your eyes, filled with wonder."
