Whispers from The Brighter World
A Third Revelation

ee how long it took to make all necessary arrangements and to bring together the desired human resources capable of following up on these messages? All comes just at the right moment; unlike humans, we are very patient. It took years to prepare your heart, as well as that of your brother and your sisters whom we granted our confidence.

"We already said it: Earth's time is a concept not relevant where we are. We make arrangements and wait for the favourable moment to act. We must take into account the conflicting movements that shake men's hearts. They fluctuate like the wind, and have unverifiable reactions sometimes. Humanity is a sphere of experiences and observations, unparalleled in the universe.

"Man is disconcerting, endearing, and pitiful; he knows how to intrigue our hearts and drives them to every indulgence.

"Now, concerning your small group, you should be able to realise that you are lucky to take part in the preparation of these collections [of messages], which in the future will take on all of their importance. They will be recorded in the annals of highly inspiring scriptures, while remaining preserved from the vagaries reserved for the future."
