Whispers from The Brighter World
A Third Revelation

Thursday, September 20, 2001 - 8:00 a.m.

Keep confidence in us. In everything, confidence is of importance; it creates positive waves. No matter what happens to you in this incarnation, the main thing is preserved and outlives this Earthly journey. It is comforting to know that efforts are not useless, that they are recorded and contribute to your rise in a sustainable way.

"You are not advancing in darkness and uncertainty, you, who chose our spiritual way to meet your aspiration to transform yourself and make a success of your life. You are guided from within the depths of your heart; a holy alchemy elevates you toward spheres unknown to you. They are redeeming and they meet your needs. Your heart aspires to be united with the Divine; this attraction is irreversible. You are engaged on a luminous path and your Earthly life urges you to go further. This hidden treasure gives a meaning to your life; it provides you with pure joys, which belong only to you. Never lose heart; keep faith in yourself, in your Masters, who know you and who help you in the most favourable way and the one most appropriate to your aspirations. We will conclude with the same words: keep confidence no matter what happens to you."
