Whispers from The Brighter World
A Third Revelation

Friday, September 21, 2001 - 8:00 a.m.

We will know no rest as long as an era of peace and love is not established on Earth. We all here are working to this end by joining our forces; some highly advanced humans are also acting for this noble cause. All sincere hearts have this possibility whatever their background, religious or not, to pray sincerely for humanity, calling for this world to change, finally.

"May more serene times come soon, when universal harmony will prevail on this Earth! Such is our best wish. You should work, all of you at your own level, to change your hearts so that they are filled with love and tolerance for others who are less lucky than you and trapped in [states of] hatred and violence, dreaming only of destroying those who do not think like them. These feelings emerge from within each one of you. You must root them out, before they harm you and others. Bad thoughts are tough; they easily besiege the best-protected strongholds. See to it."
