Whispers from The Brighter World
A Third Revelation

Friday, September 21, 2001 - 10:00 a.m.

By working for your own transformation, you contribute to transforming humanity. This reality must encourage you in this. Become pioneers of a new world that has acquired the status of newcomer in the hierarchy of divine plans. The Earth is a place of experiences and changes for these souls; they necessarily pass through here below.

"The time will come when the level will be definitely higher and fit to continue towards perfection – the goal of every soul in search, irrespective of whether it is aware of this condition. This long path bears fruit more or less painfully, according to the circumstances, but finally redeeming. It is necessary for them to go through this stage, decisive for the continuation of their development. How many times will they have to come back? The awakening to reality is not strictly planned at the outset and can accelerate under the effect of grace. The ways of God and His laws remain unforeseeable and effective in the utmost secrecy. His great mercy can achieve it all. It [mercy] cannot be easily valued by men, because it does not necessarily answer their requests."
