Whispers from The Brighter World
A Third Revelation

Saturday, September 22, 2001 - 10:00 a.m.

My dear daughter, you see that only love matters and outlives this lifetime. The message of your fellow traveller on this Earth bears witness to this. What is there that is more beautiful, beyond this material existence, than this unique feeling of recognition and love! It remains forever engraved in your hearts and helps you, together, to carry on your road to other planes where these values are priceless and do not fade away. All the negative is forgotten; only this special force, which emanates from powerful and sincere bonds, resists the ravages of time.

"Build your life on these bases. They are solid and durable. Whatever the form of love that is developing inside yourself, it makes you grow richer and transforms you.

"Cultivate love. We repeat ourselves tirelessly, but can we do otherwise when we know that only it can save the world? Make it become your reference mark and your refuge; it is permanently within your reach."
