Whispers from The Brighter World
A Third Revelation

Monday, October 1, 2001 - 9:30 a.m.

Sahaj Marg has a choice place in the evolution and the regeneration of the world. It will grow with time and will truly meet men's aspirations and real needs for spiritual transformation. They will understand that their existence on the Earth is transient and fleeting, that their time is precious and that they must see to it that they utilise it judiciously.

"Our way is not constraining, it provides support without enslaving, it does not blame, and it does not confine itself to a dogma. It gives tools to each one as well as the means of benefiting from a group work, under the aegis of a Master who knows his place. He is divinely inspired and belongs to an elite selected to lead the world to its regeneration. Our way does not claim to be the only one. Such ideas are spread too much; they were in the past and, alas, are still in the present, very harmful. The chosen people should benefit from what we offer to them, they will not be disappointed in following us. Our method is not associated with spectacular effects aimed to fire the imagination. It is divested of superfluity and corresponds to souls that know where they want to go."
