Whispers from The Brighter World
A Third Revelation

Friday, October 5, 2001 - 10:00 a.m.

Do you realise that this place is vibrating with a special energy? It should help you on this day when you are not in good shape. It is good, also, for all that relates to spiritual life to perform some rituals, not only at the same hours, but also at selected places reserved especially for that.

"This conditioning fosters your interiorisation. Do not let your worries override aspects that are the most important to you. You should try to put things in perspective and keep the option open to take refuge in this blessed place, which provides you with irreplaceable joys.

"Life is an invaluable present; it should be seen from that point of view. Even if it holds nasty surprises, it remains what it is: a unique opportunity to stride towards eternity. Be thankful for having the opportunity of showing your faith, your love and gratitude for the choice of life that was made for you.

"One needs a lot of greatness of soul to put up with it. In certain circumstances, man would like to escape his destiny, which he cannot.

"That is how it is. The best he can do is to accept it with gratefulness; he will make giant strides."
