Whispers from The Brighter World
A Fourth Revelation

Monday, October 15, 2001 - 5:00 p.m.

Try to rediscover a taste for life and cope with it; your life is not over. It is not ordinary; your path has been enriched with many happy and unhappy experiences that moulded you.

"Your channeling capabilities give you a special and enriching dimension. Associating with beings of light is a grace bestowed on few humans. Through this means, a little special and extraordinary, you can reach planes of consciousness that facilitate these contacts.

"You should realise how lucky you are to live such experiences. We appreciate you and, as such, we utilise your gifts. We can only congratulate ourselves on our choice. My daughter, your achievement of this work, with faith and love, has increased your stature.

"Your current experience with the envoy is a new episode which adds to the existing bulky collection and provides a different touch.

"This long story is not finished. It adapts to the circumstances – which are not as delightful as we would like them to be.

"Carry on your road and love us, as usual, my daughter. Thank your team members; convey our blessings to them as well as to all."
