Whispers from The Brighter World
A Fourth Revelation

Do not disparage what you do and what you are. Being chosen is one thing, assuming one's mission perfectly is another. You have the right attitude of humility and your steadfastness in effort does the rest. By doing this work, you align yourself with this powerful force which we mentioned yesterday, that is love in its highest definition, as a well-informed mystic can perceive it.

"Man's possible approach to it is limited to his capabilities. From his current plane of consciousness, he cannot go beyond; his own energy would not withstand this. What is an ordinary man's aptitude for adapting to the energy of the higher realms? None. Its power would literally make him blow up and shatter, thus disintegrating in the most spectacular way.

"Real love, as we cannot define it to you, will remain and for a long time yet, a concept which will make man dream, but which he will not be able to truly grasp until centuries and centuries of evolution have passed. He will have to be satisfied with imagining and working towards his own spiritual conquest, to come closer to it."
