Whispers from The Brighter World
A Fourth Revelation

Thursday, October 25, 2001 - 8:00 a.m.

Contrary to what you think, we do not demean ourselves by coming towards you, since God is inside you, as well as in each one of your fellow beings.

"The perception of this presence must develop and be refined through the appropriate work. It must grow in men's hearts and prevail completely – which is the most beautiful success.

"This conquest should be the true goal of an incarnation. Once one has reached this stage of evolution, the pace gets greater, which places the soul under the most favourable auspices for fusion with the Ultimate. Our comments may not really inform you about the slow development that takes place in this area, since all this process is beyond human control. It is incumbent upon them to actively participate, to be driven by a motivation for action likely to place them under the best conditions to move towards Union, which is inescapable.

"To be aware of this truth serves a noble purpose. The soul must move on towards its destination – a mystery which will intrigue humans for a long time yet."
