Whispers from The Brighter World
A Fourth Revelation

*Sunday, October 28, 2001 - 10:00 a.m.*

*We help you, you must become aware of this fact, even if results do not show the way you expect. You cannot assess in an objective way what we are telling you, but rest assured: we alleviate your burden. How could we remain insensitive to what you are going through? We do not have the power to chase everything away, but we are creating a suit of armour for you to let you resist.*

*"We can only repeat ourselves: in this circumstance, be confident.*

*"A great proportion of humanity is bending beneath the yoke of misfortune and misery that generate hunger as well as unbearable suffering. You should do more than praying and sympathising, if you can. Each human being belongs to a larger body, from which you yourself emanated. In a way, you are suffering from the misery of your brothers, without being able to identify the cause thereof. There are higher reasons for things to go that way.*

*"'Love thy neighbour as thyself' is a fair expression of what men's behaviour should be; but all still have to become aware of this supreme Unity which makes them interdependent on one another."*
