Whispers from The Brighter World
A Fourth Revelation

Tuesday, November 6, 2001 - 10:00 a.m.

We repeat ourselves tirelessly with the aim of helping you. These messages come to you every day and feed the most subtle part of your self. By reverting to the same topics, we wish to provide daily help to you. Some phrases remain imprinted on your mind and they surface when necessary.

"Man is confronted every day with the vagaries of life; he needs to be guided beyond his spiritual step that brings him substantial and invaluable benefit. Our candidates need a simple teaching understandable to all and meeting the being's essential quest; it is an essential complement to sadhana. A human being needs points of reference meant to let him advance serenely. We insist on these critical aspects in the candidate's behaviour.

"A spiritual step is as a whole to be managed without neglecting the slightest aspect of it. You may find these repetitions superfluous; our messages are sufficiently varied so that you can find in them what befits you, at the right time.

"It all depends on your state of mind; we target the whole diversity of human feelings and try to respond to them."
