Whispers from The Brighter World
A Fourth Revelation

Wednesday, November 21, 2001 - 10:00 a.m.

My dear child, my son is your Living Master, and as such, he plays a special role in your evolution. Your thoughts must converge towards him as much as possible, do not forget it. Each one of us keeps our prerogatives wherever we may be.

"The incarnation of a spiritual Master on this Earth gives him a special sphere of activity. While incarnate in matter, he can target his work differently; otherwise what would be the point of reverting to a human appearance and all its trail of disadvantages?

"Love your Master, venerate him for what he represents: the mission he is accomplishing and the importance of the underlying work. What he is carrying out is not within our competence; this is the whole sense of the richness of our system, since a simultaneous action is taking place on different levels of consciousness.

"You, being incarnate, you cannot seize all these subtleties which contribute to facilitating your evolution. Sooner or later you will agree that all these subtleties contribute to fostering your evolution, unless you have already agreed to it.

"Continue to advance with faith and confidence in us. Be thanked and blessed."
