Whispers from The Brighter World
A Fourth Revelation

Thursday, November 22, 2001 - 10:00 a.m.

Grace allows advancement in knowledge. It is an invaluable help, call for it unceasingly. When the heart aspires to receive it, it cannot slip away.

"Thus is it with the Living Master; an action must be collaborative to be effective. The state of the heart fosters work; do not lose sight of this aspect of things. Remaining connected with him is a pledge of success. This subtle form of connection must be taken into account.

"The Master and the aspirant are connected on subtle levels; the ensuing love creates profound bonds. There is a whole alchemy which results from it and which allows the soul to advance under this illuminated guidance. When it is ready to follow this way, nothing can stop it. It has no excuse for slacking on the way. It advances, delighted, knowing that it has found the best guide and surrenders completely. Here, there is the utmost manifestation of grace; nothing can slow down this rise which delights the angels."
