Whispers from The Brighter World
A Fourth Revelation

Saturday, November 24, 2001 - 8:00 a.m.

Continue to advance on this way of love of yours. You take hearts along with you. This force, as we have said before and now repeat, is powerful and knows no limit. It permeates hearts and prepares the future of humanity. A lot will need to be done before humanity has become Love. In preparing it, an impulse is given which manifests itself in different ways, but touches even the most hardened hearts.

"This preliminary work contributes to the blossoming of a new world, stripped of its black gangue. We are working unceasingly towards that, we will not rest until this great work is accomplished. When a soul wakes up and it looks for a way meant to bring it to a higher life, we are happy.

"You have a role to play, all of you who have understood this need for advancing. By raising your vibrations, you attract and appeal to souls that are ready to direct their life differently. All do not display the same ardour; each one must find its pace and the way suitable to it. We do not claim to be the only way; whatever the way chosen, we can only rejoice. The awakening has occurred, it is a starting point."
