Whispers from The Brighter World
A Fourth Revelation

Friday, November 30, 2001 - 10:00 a.m.

My dear daughter, do not think that your life is finished and that it can no longer bring you joy. It still holds surprises for you, in proportion to your aspirations. You renounced healthy activities which you deemed very important; your life path had to continue in another framework, out of the ordinary. What was taken off you is given back to you a hundredfold, even if you cannot assess it.

"Let your life be filled with more and more love and joy for what you are privileged to achieve! Beings around you will actually need hindsight to realise what they have experienced through their association with you – in relation to these messages. Time will open their eyes if need be.

"Do they realise what they themselves receive? This kind of situation is special; it will take on its full meaning over the years, which will make it possible to have a clear understanding of them. Our special relationship bears fruit, which beings who thirst for spirituality will keep appreciating.

"The time you devote to us is blessed, do not forget it. Likewise, is anything done within the framework of this work; so our blessings are with all of you."
