Whispers from The Brighter World
A Fourth Revelation

Monday, December 3, 2001 - 8:00 a.m.

The whole of humanity has one goal and the same heart. It is vast; immense and dark zones remain to be conquered, but life is moving and nothing will be able to stop it. Each one of you, our aspirants, is advancing towards victory. The success of our way is recorded on the register of the redemption of the world. It is a beacon which will keep shining on this Earth, thus was it decided by the higher authorities!

"The humanity of tomorrow will need other prospects and we will have a considerable role to play. Each time has its own degree of broadmindedness, which will require an appropriate spiritual food.

"Sahaj Marg is achieving its breakthrough slowly, but surely, in the hearts.

"It is among the answers offered to future centuries. Its simplicity of approach will make it befit more and more the needs of men. It will become indispensable to them and they will include it in a kind of hygiene of life, necessary for their balance.

"Let us jointly prepare these future times when spirituality will be the great conqueror of humanity."
