Whispers from The Brighter World
A Fourth Revelation

The day these communications stop, your contract will have been fulfilled. You will then consider that one of the aspects of your mission is over. It will have to continue in another manner, which will be specified to you in due time.

"Carry on for the moment, as per our routine. The system is running perfectly, it cannot be faulted. Rest assured: when a being is engaged in service, he cannot remain idle. By offering us your heart, as you do, we can utilise it in several ways. Our needs are big; there is so much to do. By offering one's life, one enters into a pact with the forces of good which work behind the scenes as well as on all the planes of existence. Each person's competences are utilised; man has unsuspected inner riches, which he can utilise even unconsciously.

"Helping the weakest, the most deprived, is feasible in many ways. It is enough to intensely want it and to also love one's neighbour, who also is a child of God. It is up to you to have a clear understanding inside yourself and to make choices. We bless you all in your undertakings."
