Whispers from The Brighter World
A Fourth Revelation

To serve here below is to prepare for a richer life ahead where all competencies will be utilised. By starting now, you, yourself, prepare this future. If you thus motivate yourself, you will be given every chance; your existence will then take on another meaning. You are granted many possibilities; relevant opportunities must be seized. Humanity forms a whole that suffers in all possible ways.

"A spiritual way can benefit from many and varied actions; all that is required is that these actions be aligned with this state of mind that consists of willingness to help one's neighbour.

"Your life will grow richer with these acts, visible or hidden from the eyes of men, but not from ours.

"Misery in this world is so great that it is astounding. You cannot see it in all its facets; you could not stand it. Cries that rise towards us cannot be defined humanly. They are specific to this planet.

"May you become aware of this reality, as much as you possibly can!

"When man's heart opens up to compassion, it advances in the way of universal and divine love."
