Whispers from The Brighter World
A Fourth Revelation

Saturday, December 15, 2001 - 10:00 a.m.

Do not worry about distances and obstacles that keep you away from one another. You know, better than anyone else, that these false barriers do not separate you from the heart of your Master. Your current life does not provide for your being in his presence. Your soul is languishing, it is in need, and that is good.

"You would find his continual presence normal. Your heart would not be in the same waiting mode and would not call him so strongly.

"Absence generates emptiness and this intense need to be united with his heart.

"My daughter, love your Master, the spiritual Master, in his divine and ethereal form. He is never distant from you.

"His sublime vibration touches your soul and leads it to a place which cannot be described. It is both an abstraction and a reality. You meet up in this world, far from the constraints that separate you here below.

"May your thoughts go towards him forcefully! Visualise him in his splendour. This approach is feasible for you. Let it maintain in you this flame uniting you with his heart.

"Be happy for having reached this stage."
