Whispers from The Brighter World
A Fourth Revelation

Wednesday, December 19, 2001 - 8:00 a.m.

According to your wishes, our two hearts communicate in secrecy. They are connected through a subtle, invisible, but existing bond. Don't you feel fulfilled? The same is also established between your Master and you.

"You are advancing towards one another; it was bound to happen. Humans are sometimes very slow to understand. Their soul leads them into a direction, and they resist, not paying attention to so many signs shown to them. A union of souls is subtle; it escapes human attention. It is either longstanding or being established little by little, according to God's intentions.

"Man is surrounded by mystery; he believes he knows all about himself, and yet he does not know that much. His view is restricted to his immediate perceptions, which permanently mislead him. He is the victim of his senses, of his understanding – which his own judgement makes him believe is vast. The highest scholar does not know much; if he really knew, he would feel ridiculous to have considered himself superior to many of his brothers.

"His life is a swirl; he is like a leaf in the wind, which glides and believes it is invincible before lying flat on the ground, definitively."
