Whispers from The Brighter World
A Fourth Revelation

Friday, December 21, 2001 - 10:00 a.m.

My child, plunge into yourself to unite with the Sublime Presence. Merge into it, let it subjugate you and take possession of your dazzled heart.

"In these moments, the soul exults; it bathes in the ineffable source with rapture.

"Yes, there exist such moments when the soul is blessed. They are transient, but for eternity's sake, they are recorded on the register of time.

"Keep this quiet force throughout the day; let it suffuse inside you and glorify the Almighty. He can turn towards His creatures, when their call is strong.

"Never stop singing His praises; by bestowing His trust on you, He has cast His attention on you and marked your forehead with the divine seal.

"Love Him with all your soul, He who is so great and whose heart contains the universe. His breath activates the created worlds. He makes them breathe and live according to His laws that are beyond our perceptions, however broad and sacred they may be.

"My daughter, be thankful. Never forget that He looks at you and your love touches Him infinitely, He whose children are His only joys. Relish this grace, you will remember it."
