Whispers from The Brighter World
A Third Revelation

Saturday, February 16, 2002 - 10:00 a.m.

Feel yourself always closer to your Master, through the heart and the thoughts emanating from this kind of mystical union. A moment will happen in the process of the candidate when this concept must develop. It [union] does not take place by command; only a true heart impulse can foster it. The bonds between the Master and the really motivated disciple are of a special nature. There is no equivalent in human relations, which refer to another level. This relationship must be kept alive with a divinely inspired love – unequalled. God leads the chosen souls on paths hidden from the eyes of men; each one has his own process. There could not be uniformity in this area; the divine power is great and the paths they follow are marked with a special seal, which distinguishes them from one another. Man is more or less nothing but a particle, powered by the omnipotence of the cosmic engine. It lives and is part of this huge plan, animated by a breath, the power of which the most enlightened scientist cannot imagine. The human being who becomes aware of his extreme smallness should praise the Creator for the opportunity granted to him to grow and not complain about his fate."
