Whispers from The Brighter World
A Third Revelation

Sunday, February 24, 2002 - 10:00 a.m.

You don't express any special requests in the area that interests us here, but you receive. Only the state of your heart, which calls us with fervour in its impulses of love, makes us fill it with grace. You are not a perfect abhyasi in terms of your practice. You live – and that is not on purpose – on the fringe of all the great outstanding events of the Mission. You have very firm ideas on many issues relating to it. As you have been told, you are not a standard abhyasi. Your treasure is inside you; it is made of a studied blend of love, surrender and submission to the divine greatness, which we represent for you.

"Your life is unique; you live isolated from the world by the force of circumstances. Only the people chosen by your heart have access to your retreat and share your secrets. Are they aware of your uniqueness? They must be enlightened on this aspect by their hearts. We lay siege to yours, which is completely offered to us. We work through it and this action fills you with happiness. No, your life has not been useless; it is full of all the experiences that have made you what you are today. Do not regret anything; put behind you this past that has built the present. Receive us in your heart with joy and gratitude on this highly blessed day, without forgetting those who are dear to you and who benefit from your experiences."
