Whispers from The Brighter World
A Third Revelation

Sunday, March 3, 2002 - 10:00 a.m.

You see what a rereading of the previous messages causes in you? They create in you a vibratory state that facilitates a deep meditation. Though they seem insignificant, they are charged and they operate on subtle levels. This reading deserves your attention, more than it seems. By experiencing this yourself, you can feel the related benefits. These messages are both a teaching, and a work being done in you without your knowledge. This vibration that we refer to uplifts the soul by making it vibrate harmoniously. This reading can be perfectly integrated into the framework of your sadhana, while facilitating it. The more you advance in our way, the more you demand. Your heart aspires to receive more. By moving towards the centre of this sacred spiral, powerful vibratory forces attract you since they are purified, divested of any negativity inherent in the human condition – which is the least elevated. By practising assiduously, you place yourselves in a harmonic line in tune with the divine intentions, which you benefit from by letting yourself be included among the beneficial forces that characterise them."
