Whispers from The Brighter World

A Third Revelation

Tuesday, March 19, 2002 - 8:00 a.m.

ou have now an assiduous interlocutor in the person of 'the spiritual entity', as you call him, of my son. A medium, at your level, can communicate – it is true – with a higher being that has become incarnate. All this can seem complicated for beings uninterested in all these subtleties, but the fact is, you both do communicate. All is so simple; actually, men hardly understand what they are not privileged to experience. A spiritual process, as being proposed in our way, partakes of the development of some faculties, one of which is the more acute perception of phenomena of this kind. A supra-sensitive generation is dawning on the horizon; it is in the offing, and it will transform tomorrow's world thanks to its openness to all paranormal phenomena. Finally, humanity will be able to rise up to higher levels of comprehension. Its precursors are not currently well known in this society. Never mind, the way must be open. It will put true knowledge within the reach of the greatest number. It will make it possible for men to rise, by overcoming the nonsense they were inculcated with."
